

Role: Senior Accountant, Mauritius

You are curious and enjoy looking at data from all angles whilst working in a young entrepreneurial and fast paced environment You have more than 5 years' experience in corporate accounting supported by a min 3-year audit background.

You are fully ACCA qualified and have gained experience across multifaceted corporate environments exposing you to complex transactions, reconciliations and month end reporting. You know how to run Group monthly and quarter-end processes, including the financial consolidation processes. You understand and know how to apply IFRS. If you have worked with international teams it will be an advantage to effectively communicate in this role.

We want you to:

- Ensure that all documents received are properly booked in the correct entities of the portfolio
- Oversee the monthly accounting function of the defined portfolio of entities
- Prepare and report the portfolio results in line with our close procedures and deadlines
- Ensure detailed monthly reconciliations are prepared and reviewed
- Ensure all key profit and loss transactions are reviewed, analyzed and signed-off before submitting the results to the Group Consolidation Team
- Track expenses against budget and report deviations
- Meet all statutory and other regulatory deadlines. The statutory financials must be done in line with IFRS
- Attend to and be responsible for all in-country tax filings, where applicable
- Liaise regularly with other key players in the GMG Group Finance team
- Meet reporting deadlines

We encourage our people to be brilliant at what they do. We inspire and support them to challenge convention and create smart solutions. We celebrate success, grow careers and win as a team. Our leaders are collaborative and approachable. We've earned our reputation and know where we're going. Want to join us? Apply at recruitment@gmgfinancial.com
